Sir:

This Amendment Under 37 CFR 1.312 is filed in response to the Examiner's Amendment accompanying the September 17, 2009 Notice of Allowance in this application.

The Examiner's Amendment is unacceptable to the applicants, since it introduces ungrammatical terminology into the claims. Accordingly, applicants are making corrective amendments herein, so that the claims are returned to their previously pending grammatically correct forms, as discussed in the ensuing Remarks.

Please amend the claims of the above-identified patent application as set out in **Section I (Amendments to the Claims)** hereof.

Remarks are set out in **Section II (Remarks)** hereof.
